[Chemical Inventory Etowah Facility.pdf](#)

It was submitted under Etowah the previous name of this facility. I believe Freedom Industries hadn't changed names on most of the permits since the name change had just occurred December 30, 2013.

But attached is what we received. If you need the MSDSs for each of the products I can send that later.

Yes. As I recall, it was discovered shortly after the spill that Freedom had no EPCRA plan on file?
